

The Employers Association of BPK Gorazde has directed, the largest part of its activities and services, towards the government and its bodies, in order to respond quickly in resolving issues that directly threaten the economic trends in the BPK Gorazde and BiH.

The Association insists to be involved in the monitoring, adoption and implementation of laws in the field of economy.

It is also working on the creation of business conditions in which the private sector will be the main driver for sustainable economic growth, and thereby increase the share of private sector in GDP.
